SANTIAM SPOKES MEMBERSHIP MAKES DONATIONS

Submitted by Mary Ellen Lind

At our last club meeting, the Santiam Spokes membership accepted the Philanthropy Committee's recommendation to donate \$1,200 to the Build Lebanon Trails program and \$800 to the BTA for the Albany Bike Safety Education program.

The organizations were asked for a brief explanation about how the organization/group will use the requested funds to help us promote bicycling. The two responses were as follows:

Build Lebanon Trails is a volunteer group that is formed under the Community Health Improvement Partnership. It is working to design and build more than 50 miles of paths for cyclists and pedestrians to travel in and around Lebanon. Most of the trails will be paved and wheelchair accessible, along greenways and away from vehicle traffic. The trails connect parks and public facilities in the community while providing opportunities to improve health, fitness and overall wellness of body and mind. The trails promote the use

of cycling in the Lebanon community as a viable and safe method of travel.

The BTA's Bike Safety Education program is attempting to teach at least eleven classes in five Albany schools the 10 hour curriculum during the 2010-2011 school year. Our donation covers the cost of teaching the full curriculum to one class. The Bike Safety Education program empowers students with the knowledge to safely navigate their community by bike, introduces students to the fun and health benefits that come with biking, and reassures parents that their children have the skills they need to be allowed to make their own healthy transportation choices.

Our Annual Strawberry Century Event, this year on June 12, is the primary fundraiser whereby we are able to make these donations to communities in Linn County. Thank you to members and friends of Santiam Spokes for giving your time and energy that make our gifts possible.

**IF YOU PLAN IT, THEY WILL RIDE...
(or MAKING A BRIEF CASE FOR SHORT
RIDES)**

We would like to get more of our club members out riding! We would also like to encourage more folks to become club members as well. To meet these goals, we are scheduling shorter rides on Saturdays in addition to our regular longer rides. The shorter rides will allow folks to re-discover the joys of being out on a bicycle while building strength and endurance. The first short ride will be Waterloo Loop which is approximately 13 miles on May 29, 2010. The short rides will continue Saturdays (except 6/12 – Strawberry Century) through June and July. If you haven't been riding, please take advantage of this opportunity to get back on a bike. PS: Bring a friend too!

Thanks!
Jess

Old McKenzie Highway Ride

Santiam Spokes members are planning a group ride up the old McKenzie Pass, Monday, May 31st. The ride is a category III, better known as up, up, and did I mention the ride is uphill? (Oh, but the joys of the downhill when we return.)

The distance is about 45 miles. We will leave from the Paradise Campground on Hwy 126 at 9:00 a.m. The plan is to carry a lunch, eat at the top and ride back down.

If you are interested in riding please contact Raylene Sell at 541-979-1606 or email rrsell@comcast.net for more information. She will be in contact with ODOT about the roads to make certain they will be passable on our two and three wheeled muscle building machines and that roads have not been opened to traffic. Stay tuned for more details. Keep those wheels a turnin'!

Bike Rodeo & Ride to Corvallis

Our club will be promoting bike safety for children and families in Lebanon at the Fire Department's open house which starts at 10 AM. The ride will start at 11 AM. Hotdogs are usually available but we will stop again in Corvallis for lunch. Members are asked to bring tools and help with bike repairs, fitting helmets, etc. The fire station is located at 1050 Oak St., Lebanon.

SANTIAM SPOKES BIKE CLUB
MEETING MINUTES, APRIL 1, 2010

The meeting was called to order by Ken Orwick at 7:08 p.m. Visitor Skip Volkman gave a special slide presentation of his honeymoon. He and his wife spent five months on bikes in Australia 18 years ago. Skip also became our newest club member at the meeting.

Minutes: The minutes of the March meeting were approved as written.

Treasurer Report: Maurice Banning reported that to date he has received \$365 in dues; \$48.48 interest income; \$1,303 so far in Strawberry Century income (registrations, t-shirt preorders and sponsor donations) giving us \$12,248.60 in the bank.

Philanthropy Report: Mary Ellen Lind said that the Committee was recommending about \$2,000 be donated to bike-related causes: \$800 to be given to the Albany Bike Safety Program which would cover the cost to teach one class of their bike safety curriculum; and \$1,200 to be donated to Build Lebanon Trails. Her recommendations were passed unanimously.

Membership: Jessica Ruef reported we currently have 38 individual memberships (prior to Skip joining) and 41 family memberships, and our hard copy mailing list is down to 63 at this time. She has taken Spokes' brochures to the Chamber of Commerce office for display there. The Chamber is doing a Business Expo on April 20 and the Spokes will be sharing a table with BLT. She has also added her name and Barbi Thomson's as Chamber contacts.

Jess also had samples of the sign-up forms that she has delivered to the local bike clubs advertising the Bicycle Basics Classes she will be conducting in May.

The Corporate Membership option has been tabled for now.

Ride Report: Al Rimer reviewed May rides and possibly doing stage rides with the Bicycle Basics Classes members. Raylene Sell will firm up plans for a May McKenzie Pass ride like we did last year.

Strawberry Century Note: About 45 registrations have been received so far. We will be preparing brochures for mailing again at our May meeting.

Summer Tour: Mary Ellen Lind said that we have reached our limit of 15 people who will be able to use the sag vehicle for our tour this summer. This does not necessarily mean that more people cannot make their own plans for the San Juan trip, as there is still room at the campground where we will be staying.

Bike Rodeo: Bill Pintard proposed gathering at 9:00 a.m. at the fire station on May 1 to help with the annual Bike Rodeo, then riding at 11:00 with the Bicycle Basics Class.

Old Business: Barbi said that she had just found out she had been appointed to the new Lebanon Bike & Pedestrian Advisory Board, along with Steve Mitzel.

New Business: Bill asked if anyone would be interested in attending the Oregon Bike Summit in Portland on June 4. Registration fee is \$50, but \$100 in club funds has been set aside for two people to attend.

Rod Sell noted that Seven Oak Middle School has been identified as the first school that will be receiving attention addressing bike and pedestrian trails.

The meeting was adjourned at 9:04 pm.

Respectfully submitted,
Barbi Thomson

The Terrain Category will be identified on each route description in the newsletter and on each route sheet that is given at the start of the ride. Also on the route sheet areas that are known to be hazardous will be marked with the word "CAUTION". The overall average group speed for our club is 12 - 14 mph. Some bikers choose to ride faster and sprint ahead of the group and some bikers ride slower. Each person may set his/her own pace. The ride leader usually selects places along the route where the bikers re-group, usually at a turn in the route.

In case of freezing rain, snow, flooding, earthquakes, fire, tsunamis or other extreme weather conditions, please call the ride leader or Al Rimer (541-979-2764) to check on the possibility of the ride being cancelled. If the ride is cancelled it will be rescheduled later in the year.

KEY FOR ROUTE DESCRIPTION

Cat I	Flat to rolling hills. Easy pedaling.
Cat II	More frequent rolling hills, possible several short, steep hills. A hearty workout.
Cat III	Moderate, longer hills, with a few steep climbs. Need to be experienced and in good biking condition.
Cat IV	Frequent hills, some long and steep climbs. These are tough rides that require endurance.
